Please accept my resume and cover letter for the position of Assistant Labourer at The City of Kamloops.

I just completed my first year at TRU. I am in the Education and Skills Training Program - Career Exploration. I will be returning for the 2022 school year in the fall.

Having worked for The City of Kamloops in the past, I found all my coworkers really kind. I also felt safe working with the city because the messaging on safety was consistent. When given tasks, I was always told the safest way to do it, as well as told the potential hazards.

I think I would be great at this job. I love physical labour work and have great stamina. I listen well and if I am unsure I always ask for more clarity. Finishing tasks with detail as well as being able to pivot are skills I found useful. Being able to work under stress has helped me find it easier to deal with the public. I am committed, enthusiastic, have a great memory and am a kind co-worker. I really enjoy landscaping work because it is very rewarding and I am so happy I have chosen this path in life.

I think I would be a great addition to The City of Kamloops, and look forward to 'making Kamloops Shine'.

Thank You for considering me,

Xavier Levy
